Dear Sirs

This letter has been written as confirmation of proDmedia's involvement in providing administrative management services for the benefit of all Free Lotto Club members.

First established 20 years ago, proDmedia provides a range of specialist online design, coding and administrative services for the Free Lotto Club program, ensuring –

- All weekly draws are conducted randomly.
- Total prize values for each weekly draw are underwritten through the program.
- Managing ongoing prize winner settlement services.

In the unlikely event of any business party connected with the Free Lotto Club program ceasing to trade for any reason, we will continue to offer services under the terms of the program.

We hope the above information is helpful.

Yours Faithfully

Ben Coupland
Director
